CITY OF MANCHESTER DISTRICT – CITY CENTRE NPT – COMMERCIAL

On 2nd April 2025, C Relief NBOs attended a report of a fight on Swan Street, Ancoats. Upon arrival, officers found one male victim to have been left with serious facial injuries and a suspected broken arm, following an attack by a sole male suspect, believed to be triggered by a previous dispute between the pair.

Once ambulance staff had taken the victim to hospital, witnesses and members of the community assisted the attending officers with their enquiries. A detailed statement was provided by a key witness, and local businesses provided crucial CCTV footage which captured the incident and allowed for the offender’s prior movements to be tracked. This led to his subsequent identification.

C Relief officers later arrested the suspect at his home address on suspicion of a Section 18 assault – causing grievous bodily harm with intent. A search of the suspect’s home address followed to find clothing that would link him to the offence. To officers’ surprise, a cannabis farm was discovered in the attic of the property. As a result, the male was further arrested on suspicion of cultivating cannabis.

The male was subsequently charged with both a Section 18 assault and cultivating cannabis. He has been remanded in custody until his trial in May.

NEIGHBOURHOOD NEWS

CITY OF MANCHESTER DISTRICT – CITY CENTRE NPT – CITY CENTRE PROACTIVE AND VRE TEAM

Two plain clothes officers from your **City Centre Neighbourhood Neighbourhood Proactive Team** had been out on foot patrol around pre-determined hot spot areas.

Whilst walking through the SOUTHERN GATEWAY area of the City Centre near to student accommodation blocks the officers had sighted a VW GOLF car loitering in the area. The officers could see the driver appeared agitated. He was constantly looking around and behind him and then checking his phone. As the officers watched the VW car they saw a Range Rover pull up alongside it. The driver of the VW car then exited his vehicle and walked round to retrieve a large black bag from his passenger side.

The officers swiftly made towards the two vehicles and were able to tackle the driver of the VW car as he went to throw the large bag into the Range Rover – this caused the Range Rover to set off at speed immediately almost taking the officers with it. The VW car driver was handcuffed and detained and within the large bag officers found £20,000 in cannabis.

A search of the VW Car retrieved more snap bags of cocaine and as such the VW car driver has been arrested – he was also found to be an illegal entrant into the UK from 2022 and will likely be deported at the conclusion of criminal matters.
